

INDUSTRIAL SUPPLY CHAIN SOLUTION EXPERT

COMPANY

An expert in innovative supply chain services, Acteus brings tailor-made solutions to companies operating in various industrial environments globally.

With a successful track record with both projects and industrial plants, Acteus has established a solid reputation in Asia Pacific through sound business practices and long term vision.

Our main market segments cover the following industries: O&G, mining, Shipping, Construction, F&B processing plants. Being a referenced supplier with most major in each of these segments only emphasizes.

Our ambition is to generate long term value to our customers, suppliers and partners while operating in a responsible manner.

VALUES

At Acteus, we believe that business is based first on trust from stakeholders and on reputation, keeping this trust and maintaining this reputation is up to each and every Acteus team member.

We also believe in the fact that success only makes sense if shared and if it has long term beneficial impacts as long-term value creation for our stakeholders depends on the sustainability of our business and its impact on the communities in which they operate.

Environmental protection is therefore at the center of our preoccupation as we are all responsible for the world we will pass on to the next generations.

Health & Safety are integral parts of our business. Acteus is committed to providing all employees, sub-contractors, and visitors with a safe and healthy workplace by implementing and maintaining a stringent H&S policy.

These values are key pillars in which we conduct our operations – in a responsible and transparent manner.
