 MyWorld Careers

 MyWorld Careers Co.,Ltd

Introduction

Myanmar has been developing fast since its opening in 2011. The country offers a great potential of growth, in part thanks to its demography:

- Around 51 million inhabitants, which makes it one of the largest population in ASEAN;
- A young and active population (25% between 0 and 14 years old, 67.5% under 64 years old);
- 2.5% of annual urban population growth rate and 2% of annual population growth rate;
- An unemployment rate under 4%.

Yet, despite these strengths, Myanmar is also facing tremendous challenges, partly due to its long isolation, which need to be tackled in order to allow the country to achieve its potential and to realize its objectives, as well as a sustainable development.

One of the main challenges is the human resources and the issues which are related to them: low average level of education, lack of professional skills and of experience, difficulties in implementing international standards and processes, challenging legal & labour framework, misunderstandings in crosscultural work environments, important staff turnover, and so on.

In this context, CCI France Myanmar has decided to create a Human Resources Committee for its members. The main objective of this committee is to discuss the human resources challenges faced by companies in Myanmar and identify actions and projects which could be implemented to tackle these issues.

We decided to take on this project for the following key reasons:

- Myanmar doesn't have an accurate salary survey available for free, so companies have no way to see if they are under or overpaying their staff.
- All businesses benefit from knowledge of salary ranges in their industry as well as other industries.
- All developed markets have an accurate salary survey, but the salary surveys in Myanmar are only getting information from a small number of companies and are not an accurate representation of the market.

This 2019 edition is the second edition of our Myanmar Salary Survey, which will be conducted every year.

This Myanmar Salary Survey should only be viewed as a guide. Our survey group was spread across a variety of industries and we received 585 responses.

PROCEDURE

This salary survey 2019 is the second edition of our Myanmar Salary Survey. It was conducted by CCI France Myanmar's Human Resources Committee, with the plan of doing it every year. Invitations to complete the survey were sent in February 2019. Respondents were invited to submit their responses online, anonymously, in MMK (Myanmar Kyat).

The average exchange rate used for this survey was the following: 1 USD = 1,550 MMK. A user guide was provided to explain to participants how to take the survey.

Participants were asked to provide information about the industry to which they belong, the size of the organization in which they work, the minimum and maximum amount of salaries, the annual bonus, the commission for sales persons, the allowances and salary increase percentage for previous year, according to their respective departments and industries.

EXECUTIVE OVERVIEW

Myanmar is one of Asia's last frontier markets, promising to become the next South-East Asian rising star. After years of isolation, the country opened up in 2011 and implemented substantial reforms that established the fundamental basis for the real development of the country.

The average annual growth Myanmar's GDP is now between 6 and 7%, making it one of the highest in Asia and in the World. The country will continue to develop at a similar pace in the future, thanks to its many resources, thus offering a great potential for companies investing and operating in the country.

It also faces challenges that all are potential opportunities for foreign investors. Its population is the second poorest in Asia but the demographic profile of the country is also a strong catalyst for economic expansion, with more than half of the 51 million people in Myanmar aged 27 or less. Even though Myanmar was previously known as the "missing link" between China and India, it has benefited across the last five years from massive public and private investments in infrastructure, which have turned the country into a new trade outpost for investors in the region.

Participants were not asked any other personal/company details or company's confidential information, so that employees feel comfortable giving the accurate information. Therefore, this survey is 100% anonymous and free.

In the present document, results are set out by industry in alphabetical order. Each job category and level is listed but, in some cases, positions or levels were removed or changed, if didn't exist in the category or industry, to improve the presentation of the survey.

This survey only concerns gross salaries (allowances and benefits excluded) for employees working in Myanmar under local contracts, both Myanmar Nationals and Foreigners.

In some cases, we noticed that salaries were extremely low or high and we therefore realized that some members in the survey group may not have understood the goal and rules of the survey. Therefore, we decided to remove these corrupted data to ensure the integrity of the results.

If you have any questions about this survey and the results, please contact Mrs. Pascaline Grifon at business.manager@ccifrance-myanmar.org.

KEY TRENDS

◆ Salary Increments

54% of all respondents said they saw salary increases of between 1 –5% of salary for previous year 2017.

Industry	Salary Increase Percentage for Previous Year	Percentage
Construction	1 – 5%	69%
Consumer Goods	6 – 10%	42%
Education	1 – 5%	75%
Financial Services	1 – 5%	100%
Healthcare	1 – 10%	100%
Hospitality	6 –10%	57%
Logistics	1 – 10%	92%
Manufacturing	11 – 15%	100%
NGO / NPO	1 – 5%	85%
Services	1 – 10%	77%

◆ Repatriate Remuneration

39% of the organizations in this survey employ repatriates.

Industry	Repat Employment Rate	What is the average difference in salary you pay a repat over a local for the same position?
Construction	43%	5 – 40%
Consumer Goods	53%	5 – 40%
Education	17%	5 – 30%
Financial Services	33%	5 – 10%
Healthcare	17%	
Hospitality	57%	5 – 15%
Logistics	31%	5 – 20%
Manufacturing	0%	
NGO / NPO	36%	5 – 10%
Services	50%	5 – 30%

◆ Benefits and Allowances

For allowances like travel allowance, medical allowance and meal allowance, 59 % of respondents provide transport allowance, 35% provide meal allowance and 56% provide medical allowance.

In the table below we have broken this down by industry.

Industry	Transport Allowance	Meal Allowance	Medical Allowance
Construction	79%	50%	57%
Consumer Goods	74%	21%	47%
Education	17%	17%	8%
Financial Services	83%	33%	50%
Healthcare	67%	33%	50%
Hospitality	57%	43%	43%
Logistics	77%	38%	62%
Manufacturing	0%	0%	0%
NGO / NPO	29%	36%	64%
Services	59%	23%	55%

◆ Company Size by Industry

The below table shows the sizes of organizations we reached out to by Industry.

Industry	Size of the Organization
Construction	0-10 – 1,000+
Consumer Goods	0-10 – 1,000 +
Education	0-10 – 1,000+
Financial Services	0-10 – 1,000+
Healthcare	0-10 – 1,000+
Hospitality	0-10 – 1,000+
Logistics	0-10 – 1,000+
Manufacturing	10 – 1,000+
NGO / NPO	0-10 – 1,000+
Services	0-10 – 1,000+

◆ **Commission or Incentive Bonus Directly Related to their Performance / Revenue Generated for Sales Staff**

69% of companies from this survey pay their sales staff commission or an incentive bonus directly related to their performance / revenue generated

Industry	What is the rough percentage of revenue they are entitled to receive?	Commission or incentive bonus paid directly related to their performance / revenue generated
Construction	1-20%	91%
Consumer Goods	<1-40%	81%
Education	1-5%	50%
Financial Services	<1-40%	60%
Healthcare	<1-10%	75%
Hospitality	<1-10%	43%
Logistics	1-20%	50%
Manufacturing	21-40%	33%
Services	<1-20%	69%

Is bonus fixed or variable?

Industry	Fixed	Variable
Construction	25%	75%
Consumer Goods	34%	66%
Education	11%	89%
Financial Services	22%	78%
Healthcare	52%	48%
Hospitality	51%	49%
Logistics	26%	74%
Manufacturing	5%	95%
NGO / NPO	72%	28%
Services	35%	65%

With you, all the way to the top!

Tell us your story, we will bring it to life . . .

Akhuka is a creative production company based in Yangon. We're film-makers, creative storytellers and producers who orchestrate everything to best hook your audience. Working with brands and partner agencies, we bring energy, soul and passion in narrating visual stories. At our core, we value quality and understand the impact that every visual experience that we craft needs to have on the viewer.

We produce:

-  TV Commercials & Corporate Videos
-  Radio Commercials
-  Online Content Videos
-  Commercial Music
-  Commercial & Corporate Photography
-  2D & 3D Animations
