

Introduction

CCI France Myanmar brings together 140 Member companies from 15 nationalities. Our new website is an Open Door on who our Members are, what they do and where they operate.

For the launch of our new website, we decided to **give you the opportunity to Open YOUR Door**, to present who you are, what you do and to promote your activity to everybody for free.

The principle of the “Open your door” game is simple: show us of what you are made and why you think you are the best.

Make a short film of 2 minutes maximum showing your company and your team, write a short presentation and take a team picture.

Then we will post your presentation, video and photo on our website, in our Members’ Directory, we will share them on Facebook, and then we will let the visitors decide who they think are the best.

The winning company gets to stay on our website and to win a one-year free Membership, in addition to other prizes.
